

# Create a Google Account: 1

## Create a Google Account

Google provides a number of free services and Web based tools for enhancing your Web site. If you already have a personal Google Account (with email address like **yourname@gmail.com** and **password**) skip this step.

Otherwise, follow the steps provided to create your own Google Account.

## Standard Stuff

fill in the form as required.

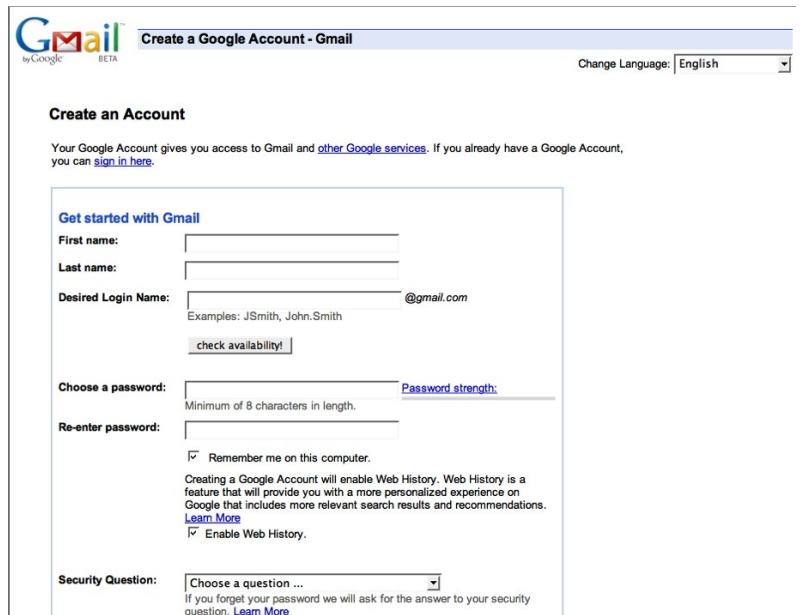

Record your new Login Name:

\_\_\_\_\_ @ gmail.com

Password: \_\_\_\_\_

Open the **Tourism Keys workbook appendix iii**

Put your Username and Password into the table.

# Word Verification

CAPTCHA's are Completely Automated Public Tests to determine Computer vs. Human Actions.

Agree to terms of service.

The screenshot shows the Gmail account creation interface. At the top, the 'Location' is set to 'Canada'. Below that, the 'Word Verification' step is active, displaying a CAPTCHA image with the word 'nusack' written in a red, cursive font. A text input field contains 'nusack', and a note below it says 'Letters are not case-sensitive'. Underneath, there is a 'Terms of Service' section with a link to 'Printable Version' and a scrollable area containing the text 'Welcome to Google!' and '1. Your relationship with Google'. At the bottom, there is a button that says 'I accept. Create my account.'

This screenshot shows the 'Introduction to Gmail' page. It features the Gmail logo and the heading 'Introduction to Gmail'. A blue button labeled 'I'm ready - show me my account' is highlighted with a red box. Below this, there are three main sections: 'Archive, don't delete' (explaining that with 2,500 MB of free storage, deletion is not necessary), 'Great search, less filing' (encouraging the use of the built-in search), and 'Enjoy the conversation' (stating that each item in the inbox is more than an email). A screenshot of the Gmail interface is shown with red circles highlighting the 'Search Mail' button and the 'Archive' button.

# Congratulations, you now have a Google Account.

Disclaimer: Todd Lucier is in no way compensated by Google for promoting use of Gmail or any Google services. There may be many similar tools available from a number of service providers. For purposes of this workshop, these tools have proven to be reliable and well received by seminar attendees.

This screenshot shows the Gmail inbox interface. The top navigation bar includes links for 'Gmail', 'Calendar', 'Documents', 'Photos', 'Groups', 'Web', and 'more'. The user's email address 'tourismkeys2@gmail.com' is visible. The main content area shows an email from 'Gmail Team' with the subject 'Gmail is different. Here's what you need to know.' and a timestamp of '6:36 pm'. The email body contains instructions on how to use the search box and search options, and mentions that the user is currently using 0 MB (0%) of their 2048 MB storage. The left sidebar shows navigation options like 'Compose Mail', 'Inbox (1)', 'Starred', 'Chats', 'Sent Mail', 'Drafts', 'All Mail', 'Spam', 'Trash', 'Contacts', 'Chat', and 'Labels'.
